

# musixmatch

CREATED BY JOHN GERUSO & MAEVE DUCAS

enter a song and artist  
into musixmatch

song goes through  
musixmatch api and  
lyrics are analyzed

lyrics are run tested for  
positive and negative  
words

song gets a score based  
on the number of  
positive and negative  
words in the lyrics

score is used to sort  
songs into positive,  
negative, and neutral  
lists

positive number =  
positive list, negative  
number = negative list, 0  
= neutral list

all of the lists are  
displayed
